#### Rating Reaffirmed

In view of the non-availability of the information and lack of management cooperation, Brickwork Ratings has reaffirmed the rating for bank loan facilities amounting to Rs. 9.53 Cr of **Multifabs**

#### Nature of Non Co-Operation

The rating was due for an annual review in February 2015. Brickwork Ratings took up with the issuer to provide required information over emails and through telephone calls. Despite the best efforts of Brickwork Ratings to get at least the minimum required information for a review, the firm has not provided the same. In the absence of adequate information from the issuer, Brickwork Ratings is unable to assess the issuer's financial performance and its ability to service its bank loan obligations and maintain a valid rating.

The lenders/investors may note to exercise due caution while using the above ratings which mentions "Issuer Not Cooperating" since the ratings lacks any projections or a forward looking component as it is arrived based on best available information with Brickwork Ratings on the company/firm without any management/banker's interaction.

### Limitations of the Rating

Information availability risk is a key factor in the assessment of credit risk as generally, noncooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress.
