RATING ACTION

The Long term rating of the Bank Loan Facilities have been downgraded to BWR C+ of AKC Motors as the issuer did not cooperate.

OUTLOOK / NATURE OF NON-COOPERATION

BWR had rated Bank Loan facilities of AKC Motors. The initial rating was done on 29 January 2019 with rating assigned as BWR B+/Stable. The Annual review was due in January 2020. The rating then moved to Rating Not Reviewed on 30 January 2020. BWR took up with the issuer to provide required information over emails and through telephone calls. Despite the best efforts of BWR to get the minimum required information for a review, the entity has not provided the same. BWR has been regularly seeking No Default Statement (NDS) from the entity, but the entity has not provided NDS. In the absence of adequate information from the entity, BWR is unable to assess the entity's financial performance and its ability to service its debt and maintain a valid rating.

LIMITATIONS OF THE RATING: Information availability risk is a key factor in the assessment of credit risk as generally, noncooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit ratings should therefore take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency and withholding of information required for a review of the rating.
