RATING ACTION / OUTLOOK / NATURE OF NON-COOPERATION

Brickwork Ratings downgraded the rating for the bank loan facilities of ₹15.00 Crs of AKS Ventures Private Limited to BWR B+/A4 (Stable) Issuer Not Cooperating, based on best available information. BWR had rated the bank loan facilities of AKS Ventures Private Limited in Jan 2018 and assigned BWR BB+/A4+ (Stable).

BWR took up with the issuer to provide required complete information over email. Despite the best efforts of BWR to get at least the minimum required information for a review, the Company has not provided the same. In the absence of adequate information from the issuer, BWR is unable to assess the issuer's financial performance and its ability to service its debt and maintain a valid rating. Hence on account of inadequate information and lack of management cooperation, BWR recommends placing the rating under the category of Issuer Not Cooperating.

The lenders/investors may note to exercise due caution while using the above ratings which mentions 'Issuer Not Cooperating' since the ratings lack any projections or forward looking component as it is arrived based on the best available information on the Company without any management/banker's interaction.

LIMITATIONS OF THE RATING

Information availability risk is a key factor in the assessment of credit risk as generally, noncooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress.
