Rating Reaffirmed:

Brickwork Ratings (BWR) has reaffirmed rating for Bank Loan Facilities of Rs. 20.00 Crs of **APC Drilling and Construction Pvt Ltd** ('APCDCPL' or 'the company').

Rationale/Description of Key Rating Drivers/Rating sensitivities:

BWR has essentially relied upon the audited financial results of the company up to FY16, provisional financial for FY17, projected financial up to FY18 and publicly available information and information/clarifications provided by the management.

The rating has factored in inter-alia, the promoters experience in the industry, healthy net worth and the order book position. However, the ratings are constrained by modest scale of operations, intense competition, working capital intensive nature of business and decreased revenues in FY17 .

Going forward, the ability of the company to improve its sales and profit margins along with effective management of working capital would be key rating sensitivities.

Rating Outlook: Stable

BWR believes the **APC Drilling and Construction Pvt Ltd's** business risk profile will be maintained over the medium term. The 'Stable' outlook indicates a low likelihood of rating change over the medium term. The rating outlook may be revised to 'Positive' in case the

revenues and profit show sustained improvement. The rating outlook may be revised to 'Negative' if the revenues go down and profit margins show lower than expected figures.
