Rating downgraded and continued to ISSUER NOT COOPERATING* category

Nature of Non-Cooperation:

The rating was due for a review in November 2020. Brickwork Ratings (BWR) took up with the entity to provide required information over emails and through telephone communication. Despite the best efforts of Brickwork Ratings to get at least the minimum required information for a review, the entity has not provided the same. Hence, the ratings were continued to the 'Not Reviewed' category. In the absence of adequate information from the issuer and continued lack of management cooperation, Brickwork Ratings is unable to assess the issuer's financial performance and its ability to service its debt and maintain valid ratings. The entity has not been submitting NDS to BWR. Based on inadequate information and continued lack of management cooperation, Brickwork Ratings has downgraded the long term rating to 'BWR C from BWR B-/Negative and continues to the Issuer Not Cooperating*' category.

LIMITATIONS OF THE RATING

Information availability risk is a key factor in the assessment of credit risk as generally, non-cooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit ratings should therefore take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency withholding of information required for a review of the rating.
