\* Issuer did not cooperate, based on best available information.

Details of Bank facilities are provided in Annexure-I&II

#### NATURE OF NON-COOPERATION

The rating was due for a review in **Sept.-2020**. BWR took up with the client to provide the required information over emails and through telephone calls. Despite the best efforts of BWR to get at least the minimum required information for a review, the entity has not provided the same. In the absence of adequate information/NDS (No Default Statements) from the Company on a regular basis, BWR is unable to assess the Company's financial performance and its ability to service its debt and maintain a valid rating.

Hence, on account of inadequate information and lack of management cooperation, Brickworks Ratings has downgraded the rating to BWR B(Stable) and categorized the ratings as "Issuer Not Cooperating".

#### LIMITATIONS OF THE RATING

Information availability risk is a key factor in the assessment of credit risk as generally, non-cooperation by the rated entities to provide the required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit rating should, therefore, take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency and withholdings of the information required for a review of the rating.
