RATING ACTION / OUTLOOK / NATURE OF NON-COOPERATION

Reaffirmed BWR BB(CE)/A4(CE)/Stable (Issuer not Cooperating) based on best available information as the issuer did not cooperate.

The rating was due for a review in Feb, 2018. BWR took up with the issuer to provide required information over emails and through telephone calls. Despite the best efforts of BWR to get the minimum required information for a review, the entity has not provided the same. In the absence of adequate information from the Company, BWR is unable to assess the Company's financial

performance and its ability to service its debt and maintain a valid rating. Hence, on account of inadequate information and lack of management cooperation, Brickwork Ratings has Reaffirmed the rating to BWR BB(CE)/A4(CE)/Stable Issuer Not Cooperating.

LIMITATIONS OF THE RATING: Information availability risk is a key factor in the assessment of credit risk as generally, noncooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit ratings should therefore take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency and withholding of information required for a review of the rating.
