### Rating Action/Outlook:

Brickwork Ratings (BWR) reaffirms the rating for the bank loan facilities of Rs. 10 Crs of Azim Premji Foundation (the Foundation). The reaffirmation continues to positively factor in the strong promoter profile, the Foundation's overarching purpose of societal change, the identified goal of the development of public education systems and allied areas in India, and the consistency and regularity in the distribution of funds from Azim Premji Philanthropic Initiatives Private Limited (APPIPL), one of the direct beneficiaries of Azim Premji Trust and Pioneer Independent Trust. The rating also factors in the group's financial flexibility arising from a significant direct shareholding in and an indirect beneficiary of Wipro shares. The rating, however, remains constrained by the challenges and exposure to regulatory risks in the education sector.

The Stable outlook indicates a low likelihood of a rating change over the medium term. BWR expects that Azim Premji Foundation's business risk profile will be maintained over the medium term. The outlook may be revised to Negative if the support from APPIPL, being a beneficiary of Azim Premji Trust and Pioneer Independent Trust, significantly declines, leading to impaired ability to support its initiatives.

## **Key rating drivers**

### **Credit Strengths:-**

- **Strong parentage:** Azim Premji Foundation is a not-for-profit organisation that has been working since 2000 with the elementary education system in rural government schools. Azim Premji Foundation receives donations from APPIPL, one of the direct beneficiaries of Azim Premji Trust and Pioneer Independent Trust. The Trustee for Azim Premji Trust is Azim Premji Trustee Company Private Limited, a private company in which Mr. Azim Hasham Premji and Mrs. Yasmeen Azim Premji are among the directors and shareholders with a 99.99% and 0.01% holding, respectively. The Trustee company is part of the promoter group of Wipro Ltd. APPIPL and Azim Premji Trust held a 0.27% and 10.19% stake, respectively, in Wipro Ltd as on 30 June 2022. The board of directors of Azim Premji Foundation includes Mr. Azim Premji and his family. The sound promoter profile, strategic importance of the Foundation to the Azim Premji group of philanthropic institutions as it is one of the companies through which Mr. Azim Premji and his family undertake philanthropic activities and the presence of a shared name with Mr Azim Premji underscore the importance of the Foundation to the group. The Foundation receives funds from APPIPL on a regular and consistent basis. The Foundation received a donation of Rs.11.80 Crs (PY Rs.11.21 Crs) from APPIPL during FY22.
- **Operating principles with focus on education and allied domains:** The Foundation is a not-for-profit organisation and has been set-up with the objective of contributing to the improvement of the public education system in India. As an implementing organisation with a serious, long-term commitment to contribute to the country's education system and associated with various Azim Premji entities engaged in philanthropic causes, the Foundation continues its support to the children of migrant labour in Bengaluru through bridge centres established for this purpose and various other initiatives in the education domain.

### **Credit Challenges:-**

- **Inherent challenges in the education sector:** Equity and quality in education still remain a challenge, resulting in poor learning outcomes and reduced confidence in the public education system. The quality of academic support, both pre-service and in-service, provided to teachers, is constrained due to poor inputs, the lack of resources and other professional constraints. The Foundation's ability to ensure the efficient and effective continuation of its activities in this field would remain a significant monitorable.

### **Analytical approach-Standalone**

For arriving at its ratings, BWR has applied its rating methodology as detailed in the Rating Criteria below (hyperlinks provided at the end of this rationale). BWR has also factored in the significant operational and financial interlinkages between Azim Premji Trust, Azim Premji Foundation for Development, Azim Premji Foundation and its group entities, and the common management team for these entities.

### Rating Sensitivities

The Foundation's ability to achieve scale in its various programmes and engage on a continuous basis with the public education system to facilitate change is key to its continued success. The continued ability of the Foundation to receive support from APPIPL and the effective management of the various regulatory challenges in the domain of education would be key rating sensitivities.

### Downward :

The Foundation does not have any debt on its books other than the rated short-term borrowing in the form of an overdraft facility. The utilisation of the overdraft facility is negligible with average utilisation of less than 1% over the last eight months. The overdraft is secured by a corporate guarantee from APPIPL.
