Rating Action/Nature Of Non-cooperation

Brickwork Ratings has reaffirmed the long-term rating for the FD facilities of Rs. 65.00 Crs. of Ghatge Patil Industries Limited at "BWR C" under Issuer Not Cooperating Category based on best available information, as the issuer did not cooperate.

The Ratings are due for review in November 2026. Brickwork Ratings (BWR) has consistently taken up with the Company to provide financial and operational information for the periodic monitoring and surveillance of the ratings. Despite BWR's best efforts to get at least the minimum required information for a review, the company has not provided the same. The company is irregular in the submission of the monthly 'No Default Statement'(NDS) in deviation from the extant regulatory guidelines. Due to the continued lack of management cooperation and in the absence of adequate information from the company, BWR is unable to assess its financial performance and its ability to service its debt and maintain a valid rating.

The lenders/investors may note to exercise due caution while using the rating, which mentions "Issuer Not Cooperating," since the rating lacks any projections or forward-looking component as it is arrived at based on the best available information without any management/banker's interaction.

Limitations of the Rating

Information availability risk is a key factor in the assessment of credit risk as generally non-cooperation by the rated entities to provide required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit rating should therefore take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency and withholding of information required for a review of the rating.

About the Company

Ghatge patil Industries Limited (GPIL) was established by Mr. J.B. Patil and Mr. V.M. Ghatge as a partnership firm in 1960 in Kolhapur, Maharashtra, which was reconstituted as a limited company in the same year. GPIL has two divisions-the foundry division and the product 1 division. The foundry division has an installed capacity of 78,000 MT (metric tonnes) and manufactures grey iron castings and S G Iron castings (Spheroidal Graphite Iron casting) having weight of 10 to 250 kg. The foundry division caters to automotive industries (primarily tractor manufacturers). The product division is engaged in manufacturing of industrial valves, gearboxes and clutches primarily catering to the Oil & Gas industry and the Marine industry.
