Muthoot Capital Services Limited

Brickwork Ratings assigns the rating for the Bank Loan Facilities of Rs. 3,500.00 crores of Muthoot Capital Services Ltd. (MCSL)

Particulars:

Facilities*	Amount (Rs Crs)	Tenure	Rating#	Regulator
Bank Loan facilities (Fund-Based)	3,500.00	Long Term	BWR AA/Stable (Assignment)	RBI
Total	3,500.00	Rupees Three Thousand Five Hundred Crores Only		

***Note** - Of the total bank loan facilities of Rs 3500 crores, the current sanctioned limit is approximately Rs 2800 crores, while the balance amount is the proposed bank loan facility. Details of rated facilities are shared at Annexure I to IV

For the definition of rating, please refer to www.brickworkratings.com

RATING ACTION/OUTLOOK: ASSIGNMENT/STABLE

Brickwork Ratings assigns the rating for the Bank Loan facilities amounting to Rs. 3500.00 crores of Muthoot Capital Services Ltd., at BWR AA/Stable, as tabulated above.

The rating assignment for the bank loan facilities of Muthoot Capital Services Ltd (MCSL or the Company) primarily factors in the implicit support of Muthoot Pappachan Group, the strong members of its independent board of directors, the experienced management team of the company, and the standalone performance of the company.

BWR, in its analysis for rating MCSL's bank loan facilities, has derived comfort from the extensive implicit support of the Muthoot Pappachan Group (MPG) and the standalone financials of MCSL. It has relied upon the audited financials of the company for the last 3 years and the estimates/projections for the ensuing two years, information/ clarification provided by the company.

Muthoot Capital Services Ltd, established in 1994, is registered with the Reserve Bank of India as a Deposit-taking Non-Banking Financial Company (NBFC -D). Muthoot Capital Services Ltd is one of India's leading vehicle finance companies. It is one of the key entities (*flagship entity being Muthoot Fincorp Ltd., rated BWR AA+/Stable as of July 2026*) of the renowned Muthoot Pappachan Group, falling under the family of Muthoot Blue. MCSL's equity shares are publicly traded on the Bombay Stock Exchange and the National Stock Exchange of India.

Driven by a mission to empower individuals and broaden their horizons, it offers customized financial solutions to retail, corporate, and institutional customers through an extensive network of branches and partners. It also offers a wide range of vehicle finance products, including but not limited to: Two-Wheeler Loans, Car Loans, Commercial Vehicle Financing, Loyalty Loans, and Fixed Deposits.

ABOUT THE GROUP: For over 138 years, Muthoot Pappachan Group—famously known as Muthoot Blue—has been a symbol of trust and financial empowerment. Rooted in the vision of Shri Pappachan Muthoot, it has dedicated itself to uplifting communities through accessible financial solutions. With a vast network of over 5600+ branches across 25 states & UTs in India, Muthoot Pappachan Group offers a wide range of services, including Gold loans, Two-wheeler loans, Small business loans, Home Loans, Loan against property, and a host of other financial products. Its commitment remains strong to make financial inclusion a reality for millions, ensuring stability and growth for every individual it serves. Today, the group has transformed into a Financial Conglomerate in the Indian business scene. Rooted in the age-old philosophy that "A journey of a thousand miles begins with a single step," it has forayed into a myriad of sectors comprising Financial services, Healthcare, IT, automotive, Realty, and Precious metals. As of 31 March 2026, the Muthoot Pappachan group's total AUM stood at Rs. 76,886 Crores (FY25: 50,021 Crores), from its 5644 branches/offices spread across the country. It has an active customer base of 69.5 lakh and a supportive employee base of 47000+, as of March 31, 2026. During FY26, the total disbursements were Rs. 1,70,823 Crores (FY25: 78,775 Crores) and earned a profit after tax of Rs. 1858 Crores (FY25: Rs. 653 Crores).

The rating of MSCL factors in the financial, operational, and managerial linkages/support from the MPG, whose flagship company is MFL. The rating also factors in the company's strong capital position and the experience of the management team in the vehicle finance business. These strengths are partially offset by modest, though improving, asset quality, moderation in earnings profile, and the company's efforts to reduce its geographical concentration in the southern Indian states.

The company's overall assets under management (AUM) grew by 12.5% to Rs 3443.36 crore as on March 31, 2026 (from Rs 3060.43 crore as on March 31, 2025), as compared to 52% growth in 2025 over 2024. The AUM stood at Rs. 3379 crores as on June 30, 2026. The moderation in the pace of growth is on account of the company's strategy to reduce the co-lending exposure, align with the regulatory norms, and increase the earnings on its own book. Further, the company's plans to increase focus on other vehicle segments, the AUM composition also underwent revision with the proportion of two-wheelers at 86%, cars at 5%, and commercial vehicles at 7% as of March 31, 2026, as compared to two-wheelers contributing to 98.3% of the portfolio, as on fiscal 2024. The company proposes to enhance its focus on the non-two-wheeler segment portfolio going ahead.

In terms of asset quality, the company recalibrated its underwriting and strengthened its collections mechanism. This enabled improvement in gross non-performing assets (GNPA) to less than 7% in the last two fiscals compared to GNPA of over 12% between fiscals 2021 and 2023. However, as compared to 4.9% as of March 31, 2025, GNPA's increased to 6.9% as of

March 31, 2026, due to the spillover of the microfinance stress and slippage in one corporate loan. GNPA and NNPA ratios have since then improved and stood at 3.94% and 2.36%, respectively, as on June 30, 2026, as compared to 6.96% and 4.12% as on March 31, 2026. Overall, asset quality continues to be modest and monitorable. The decline in Stage 2 assets, with simultaneous improvement in Stage 1 assets, shall be the key monitorable, with lower slippages to the Stage 3 book. The company's ability to manage the collections from the harder delinquency buckets and improve asset quality will be a key monitorable.

KEY COVENANTS OF THE INSTRUMENT/FACILITY RATED: The terms of sanction of the rated facilities include standard covenants normally stipulated for such facilities.

KEY RATING DRIVERS:

CREDIT STRENGTHS -:

- **Strong Group Support & Brand Equity (MPG Ecosystem)- Parentage & Synergies:** MCSL is an integral part of the Muthoot Pappachan Group (MPG). It benefits significantly from the strong brand presence, financial backing, and managerial oversight of MPG's flagship entity, Muthoot FinCorp Limited (MFL). MCSL leverages MFL's vast branch network for co-located sourcing, cross-selling, and collection logistics, reducing customer acquisition and operational costs.

- **Strong Board of Directors, supportive promoters, and experienced management in the vehicle finance sector:**

The Company is led by a strong Board of Directors, mainly women, with independent members from the banking and finance industry, viz. Ms. Shirley Thomas, is a former General Manager of State bank of India, experienced in fields of Sales and Distribution, Strategic Partnership and Remittances, Stressed Asset Management, across Corporate Banking, Retail Business, Agricultural Finance, International Banking, Non- Resident Accounts, and Small-Scale Industries. The other independent members is Ms. A. Manimekhalai, former Managing Director & Chief Executive Officer of Union Bank of India, the experienced Mr. Thomas Mathew, Ms. Divya Abhishek and Mr Robin Tommy are the other independent directors. Apart from these, the Company's board is led by a Wholtime Executive Director - Ms. Tina Suzanne George, Non Executive Directors Ms. Ritu Elizabeth George and Ms. Susan John, The Management team is led by the CEO Mr Mathew Markose supported by CFO Mr Ramandeep Gill, both joined in 2023 and 2022 respectively, and led in the transformation of the company since then with strategic changes and updation, transformation to digitalisation from the conventional manual approach.

The management has more than three decades of experience in the business of lending, across gold loans, two-wheeler financing, four-wheeler financing, commercial vehicle and construction equipment financing over the years. The group ventured into two-wheeler financing in 1998 and, since then, has expanded into financing used cars, consumer durables, and small-ticket business loans. The team has reinforced the systems and processes of the company, which will support the planned scale-up while maintaining

the asset quality. The group has established a strong reputation and brand in India, particularly in South India, and has an appropriate assessment and underwriting methodology, which is being constantly refined.

- **Comfortable Capital Adequacy & Sustainable Leverage**

Total CRAR stands strong at **22.07%** (Tier I: **22.06%**) as of June 30, 2026, comfortably exceeding the RBI regulatory threshold of 15%. The Debt-to-Equity ratio stabilized at **4.88x** as of June 30, 2026, which aligns well with the management policy target of 5-6x times

- **Expansion of Asset Base & Operational Scale -**

Total Assets Under Management (AUM) expanded from **₹2,102.37 Cr (FY23)** to **₹3,378.69 Cr as of June 30, 2026**. On-balance sheet loan book reached **₹3,297.11 Cr** as of June 30, 2026, driven by retail vehicle financing across Two-Wheelers, Used Cars, and Commercial Vehicles. Return on Equity (RoE) rebounded to **4.71%** (quarterly annualized) and Return on Assets (RoA) reached **1.35%** as of June 30, 2026.

CREDIT RISKS:-

- **Geographically concentrated portfolio -**

Although MCSL has sequentially reduced the concentration in its portfolio over the years, its operations continue to be largely concentrated in the southern states of the country. Concentration in the southern states reduced from 83% in March 2018 to 70% in March 2020 and further to 50% as on March 31, 2026. MCSL's operations are concentrated in Kerala, which accounted for 15.5% of loans as on March 31, 2026, though it has declined from 42% as on March 31, 2019. However, over the past 4-5 years, MCSL has entered the northern and eastern parts of India. The company plans to further reduce its dependence on the southern states over the medium term.

- **Borrower Profile:**

The primary target segment (retail two-wheeler and used vehicle buyers) remains sensitive to macroeconomic shocks, requiring continuous risk-based pricing and algorithmic monitoring.

- **Improving asset quality, albeit remains monitorable:**

The asset quality as of 30 Jun 2026 had fairly stabilised with improvements in GNPA and NNPA ratios. The GNPA ratio was at 3.94%(6.96% as of 31 March 2026), and the NNPA ratio was at 2.36% (4.12% as of 31 March 2026), as at 30 June 2026. There write offs in Q3 and Q4 of FY26 amounting to ~Rs. 26 crores, and sales to ARC in Q1FY27 of ~Rs. 120 Crores. However, it was also noted that the slippages to NPAs were on a decline in Q4FY26 and Q1FY27 at less than Rs. 40 crores, as against the first three quarters of FY26, averaging more than Rs. 40 crores per quarter. Asset quality, though improving, shall remain monitorable, on the credit costs and profitability. PCR as of 30 Jun 2026, was maintained at 50% levels. Provision Coverage Ratio is at 50.23% as on June 30th, 2026.

As per the financial metrics, MCSL has aggressively cleaned up its balance sheet through write-offs, ARC portfolio sales, and risk-based underwriting. Gross Non-Performing Assets (GNPA) percentage dropped from a peak of 25.93% (FY22) and 20.55% (FY23) down to 3.94% as of June 30, 2026. Net NPA percentage declined to 2.36% as of June 30, 2026, supported by a healthy Provision Coverage Ratio (PCR) maintained at 50% to 60%. Restructured assets dropped from 6.20% (₹127.59 Cr in FY22) to a negligible 0.00% (₹0.15 Cr as of June 30, 2026).

ANALYTICAL APPROACH AND APPLICABLE RATING CRITERIA: STANDALONE

For arriving at its ratings, BWR has evaluated the risk profile of MCSL on a standalone basis and has factored in the implicit support from MPG, whose flagship company is MFL. The links to applicable criteria at the bottom of this rationale, as per BWR's website

RATING SENSITIVITIES

Positive:

- **Substantial** Increase in Scale of operations of over and above 25% its estimates for the next year
- **Improvement** in the overall credit risk profile of the Company, with substantial improvement in the asset quality and earnings profile on a sustained basis, and CRAR above 25%
- **Significant** improvement in the overall credit risk profile, with substantial support to MCSL from the Muthoot Pappachan group

Negative:

- The leverage exceeding 6x on a sustained basis due to a weakening of the asset quality with GNPA above 7% or otherwise
- Weakening operating performance on a sustained basis, and a decline in CRAR below 18%
- Substantial weakening in the overall credit risk profile of the Muthoot Pappachan group

LIQUIDITY INDICATORS: STRONG

As of March 31, 2026, MCSL maintains a comfortable asset-liability maturity profile, with positive cumulative mismatches across all buckets up to one year. The company holds total liquidity buffers of ₹443.3 crore, comprising ₹411.3 crore in cash equivalents and ₹32 crore in unutilized CC/WCDL limits. Against this, total 3-month debt obligations and operating expenses through June 2026 stand at ~₹767 crore, alongside ₹230 crore in CC/WCDL renewals. Given its track record, MCSL expects to roll over these facilities seamlessly, providing a 1-month liquidity coverage ratio of 1.3x (assuming zero collections and timely renewals). Timely limit rollovers remain a key credit monitorable, while potential support from parent group MPG provides additional comfort.

COMPANY'S PROFILE

Muthoot Capital Services Ltd, established in 1994, is one of India's leading vehicle finance companies. Driven by a mission to empower individuals and broaden their horizons, it offers customized financial solutions to retail, corporate, and institutional customers through an extensive network of branches and partners. Beyond financing, it provides the support needed to transform aspirations into achievements. As part of the renowned Muthoot Pappachan Group, Muthoot Capital Services Ltd is registered with the Reserve Bank of India as a deposit-taking Non-Banking Financial Company (NBFC). Its equity shares are publicly traded on the Bombay Stock Exchange and the National Stock Exchange of India. It offers a wide range of vehicle finance products, including but not limited to: Two-Wheeler Loans, Car Loans, Commercial Vehicle Financing, Loyalty Loans, and Fixed Deposits — all designed to keep society moving forward with confidence.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE(ESG) PROFILE

The company demonstrates an Adequate ESG profile based on its environmental, social, and governance practices. The ESG profile for financial sector entities typically factors governance as a key differentiator.

Environmental: Environmental evaluation considers lending restrictions on environmentally sensitive sectors (if applicable) and the extent of support for green or sustainable-financing products.

Social: Social assessment covers employee welfare initiatives, diversity and inclusion practices, women workforce, and financial-inclusion measures. customer service and grievance-resolution systems, data privacy and information-security measures, and community development or CSR initiatives.

Governance: Governance analysis includes the effectiveness of investor and stakeholder grievance-redressal mechanisms, the structure and independence of the board (with independent directors), adherence to regulatory and ethical standards, and workforce-governance policies promoting fairness and equity.
