## **RATING RATIONALE**

The Tourism-Homestay rating assigned for Stay Wild Homestay positively factors the nearby tourist attractions and the average facilities offered. However, the rating is constrained by the limited track record of operations, inadequate fire safety and security measures, inherent seasonality risk associated with the homestay industry and competition from other homestays in the vicinity.

Stay Wild Homestay's ability to cater to the requirements of guests by offering services of good quality with emphasis on guest comfort and security thereby providing value for money stay options would be the key rating sensitivities. Adoption of fire safety measures, first aid kit, fire extinguisher and ensuring better services for differently abled guests with special needs is necessary.
