RATING ACTION NATURE OF NON-COOPERATION

The rating was due for review in July-2022 and BWR took up with the issuer to provide the required information through emails and telephonically. Despite the best efforts of BWR to get the minimum required information for a review, the entity has not provided the same. In the absence of adequate information from the Company, BWR is unable to assess the company's performance, its ability to service its debt and maintain a valid rating. In view of Issuer Non Cooperation, BWR has reaffirmed the rating to BWR D, ISSUER NOT COOPERATING.

LIMITATIONS OF THE RATING

Information availability risk is a key factor in the assessment of credit risk and non-cooperation by the issuer to provide required information for a review of the assigned rating may also be accompanied by financial stress. Users of the credit ratings should therefore take into account the possible deterioration in the credit quality of the rated entity arising from its non-transparency and withholding of information required for a review of the rating.

About the Company (as available with BWR in July 2019)

UM Autocomp Private Ltd is engaged in the business of manufacturing and sale of automobile accessories i.e Headlamps, Tail lamps , Plastic Moulded Components, Air Cleaner, Sheet Metal Components, besides other components at three locations: Bhagwanpur in Uttarakhand and Saharanpur in U.P. and Manesar in Haryana. The Company was promoted with an objective of taking over the auto component business division of Unitech Machines Limited which has Industrial experience of more than 30 years and serving customers like Hero MotoCorp Limited, Maruti Suzuki, etc.

Unitech Machines Ltd had two divisions: auto and Engineering division . Both the Businesses had different business cycles, risks, and opportunities. The Engineering Business was consistently under financial stress due to the Macro Economic conditions prevailing in last 4-5 years. This resulted in the Auto Business also coming under a lot of pressure. As no new investor was willing to invest into a Company which undertook radically different businesses, the company bifurcated the businesses so as to command better values for each business. Hence w.e.f. 1st March 2017 UM Autocomp Private Ltd (which was incorporated on 22 nd Aug 2016) acquired the auto business of Unitech Machines Ltd . This transaction was concluded through the process of slump sale .
